At a meeting of the Ironton school board on last Friday night it was decided not to put in granite walks in front of the school property until later, when a little more cash will be available. Teachers for the ensuing year will be employed at a meeting of the board to be held Friday night of this week. The applicants are numerous.

People who have put the saloons out of business in Ironton may think that present conditions are an improvement over the old order, but I don't. We have annoyances and abuses to contend with now that were never known in the days of the saloons.

Favorable indications of a large deposit of lead were found in a newly dug well on the farm of D. N. Holladay north of town, last week. Lead bearing rock in a considerable quantity was unearthed about thirty feet below the surface, and the deeper the well goes the better the indications are.—Wayne County Journal.

Married—St. Louis Mo., Thursday, May 16, 1912, W. C. Claman, of Springfield Mo., and Maud Fisher, of Ironton, Rev. C. J. Kruger officiating. A large attendance of the former students is desired at this meeting.

Chas. Inman, who has been working at Herculaneum, in Jefferson county, for several years past, is now back at his old home in the Roselle neighborhood, where he and Mrs. Inman will spend several weeks visiting relatives and friends. Charlie has not been in the best of health lately and he thinks that a couple of weeks fishing along St. Francis will put him in tip-top shape again.

Mr. Evans came down from St. Louis and went out to meet the surveyors on the head of Big River, Wednesday. The surveyors will probably finish their work on Saturday of this week. They have located an excellent line and from everyone comes good news of the project. The proposition seems more certain of completion now than ever.—Bismarck Gazette.

NOTICE—The valley is soon to have a regular plumbing establishment under the management of Wyman & Griswold, journeymen city plumbers. This will prove a great benefit to anyone having steam fitting or plumbing of any kind to be done. We understand that repairing is a specialty and satisfaction guaranteed. Till a suitable location in the town is fixed upon drop a card to Wyman & Griswold, Ironton, Mo., for information or prices.

The Arcadia Country Club had no trouble in disposing of the car load of fruit trees which we mentioned last week. Indeed it would have been easy to dispose of a couple more cars, as the supply was in no way equal to the demand. Eight thousand apple trees and four thousand pear trees were distributed. Prof. W. B. Potter, who lives west of town, Gay & Schwab and Mr. C. J. Percy got a thousand trees each. Mr. Percy planted his in his orchard near Sabula.

L. A. Markham, Commissioner of Agriculture of the Missouri Pacific Railway Company, informs the REGISTER that he will hold an agricultural meeting in Annapolis, this county, Friday, May 24th, at eight o'clock in the evening. The speakers will be D. L. Harcourt, dairy expert, who will discuss dairy farming; and Mr. Markham, who will talk about farm diversification. The lectures will be illustrated with stereoscopic views and admission will be free. All urged to attend.

Rev. Charles E. Edwards, formerly of Ironton, Mo., who is now staying in St. Louis without a charge, has been given the honorary title of the "Bishop of Bohemia," by the Markham Memorial Presbyterian congregation and its pastor, Rev. Geo. W. King, as a mark of their affection. As an appreciation of this honor Mr. Edwards, who is a flute soloist of talent, yesterday played for sixty women, members of the Markham Aid Society, after the weekly luncheon of the society.—Republic.

We this week publish a letter from an old time resident of the valley, Mr. Claude Russell, son of the late Judge T. P. Russell. Claude writes a good a good letter and we hope he will favor us in the future. We are surprised, however, that he does not know who R. H. L., the writer of "The Lilacs are in Bloom," is. Those lines were from the classic pen of Mrs. Rose Hughes Leech, one of the valley's most charming girls a quarter of a century ago. Mr. Russell now makes his home in Crawford county.

There will be a meeting of the Arcadia Valley Business Men's League at the Court House, Thursday evening, May 30th, Decoration day, at 7:30 o'clock P.M., for the purpose of getting a new start and trusting to insure the support of all interested in the Arcadia Valley development, it has been decided to remit all dues to date and start with a clean slate Saturday, June 1st. Election of officers will take place the succeeding meeting and a nominating committee will be appointed at the coming meeting. Every one welcome. Don't forget the date, May 30th, 1912. M. M. YORK, Sec'y.

B. F. Engledow, formerly of near Blackwell, is a candidate for the Democratic nomination for sheriff of Iron county. Mr. Engledow was raised near Blackwell and moved from there to Iron county. He has many good, reliable friends in Jefferson, Washington and St. Francois counties who would like to see him nominated and elected. He is a good Democrat, a gentleman in the true sense and qualified to fill the office, and the people of Iron county would make no mistake in giving him the office. We wish the people of Iron county to know that such men as Thos. Madden of Richwoods, H. E. Brown, Judge Higginbotham of Blackwell, Chas. Clancy of Tiff, and Ex-Sheriff Jeff Higginbotham of Washington county endorse him which is a splendid recommendation.—De Soto Press.

Henry Trammel and Carol Trammel got into a row at the latter's home in south Ironton last Saturday afternoon, and in the fight Henry is said to have hit Carol over the head with a shot gun. Carol came up the street, then, and a few minutes afterwards got into a fight with a negro, Joe Scott. Scott got the best of the scrap and dealt his antagonist a knock-out blow on the cheek. Both were arrested for fighting on the street. Scott pleaded guilty and paid fine and costs amounting to \$10.50. Trammel was taken to jail but was afterwards released on bond. He at first said he would fight the case, but Tuesday announced that he would plead guilty and pay his fine. A warrant has been issued against both of the Trammels for the fight between them, charging disturbance of the peace. It will come up for trial before Justice Rasche Monday.

The closing exercises of the Ironton Public Schools, at the Academy of Music, last Friday evening, drew a crowded house. The program was a good one, embracing music, play, chorus and vocal solo. For two hours the audience was delightfully entertained. What more can I say? The play, "The Merchant of Venice" (up-to-date), was put through without jar or halt, and its several characterizations were finely set forth. The choruses drew loud applause, and deservedly so. The York Orchestra lent its assistance to the entertainment. Right here I with pleasure bear testimony to the energy, zeal and untiring effort of Mr. Loomis in his year's administration as Principal. His soul is in his work; he is an enthusiast, as all correct workers are, but discretion tempers his ardor. He is a good disciplinarian and a scholar. The REGISTER, as well as the community, says godspeed to him.

Just Arrived—A tremendous bargain in men's and boy's fine hats. Among these hats are a lot of \$1.50, \$2, \$2.50 and \$3 hats. Do not wait too long to see them. Choice for 75 cents.

From Mr. Curran.

Ed. Register:—On account of the backwardness of the season which has prevented the proper completion of our automobile road, etc., we find it expedient to postpone the dedication of Lake Killarney until Saturday, June 25th.

You will find this arrangement will serve a number of purposes and will make it much more convenient to our members and for all concerned so that we may expect a larger success in every respect than if we attempt to hold it at this time under adverse circumstances. This postponement will give us ample opportunity to make more elaborate arrangements and we hope you will be in a position to more thoroughly enjoy the observance of this occasion. I shall keep you posted from time to time on the development of the program, etc., and will count on your hearty co-operation as usual.

Yours very truly,

## In Memoriam.

Died at Pilot Knob, Missouri, May 8th, 1912, at 7:45 A. M., William H. Hinsdale, aged 51 years, 2 months and 7 days.

The subject of this sketch was born in Syracuse, New York, March 1st, 1861, and he grew to manhood in a society which developed his best characteristics and laid the foundation for an honorable and useful future. Becoming a direct and disinterested covering the possibilities for advancement in the developing West, he came to Missouri and associated himself with the Sycamore Granite Company, at Graniteville, Missouri, as Superintendent.
